The Honorable Matthew W. Brann
United States District Court
Middle District of Pennsylvania
240 North Third Street
Williamsport, PA 17701

Re: Trivedi et al. v. Slawecki
4:11-cv-2390

Dear Judge Brann:

This letter is pursuant to your requirement that a conference be held before the filing of any discovery motion. Defendant Dr. Slawecki intends to file a Motion for *In Camera* Review of Expert Witness Report/Statement and for Protective Order. Pursuant to Local Rule 26.3, counsel has made an attempt in good faith to resolve by agreement the issues raised by the Motion. No agreement has been reached.

In her proposed motion, Dr. Slawecki seeks protection from producing her preliminary expert report/statement because of her reasonable apprehension that information contained therein will be used by Plaintiffs to further harass and embarrass herself and others. Since earlier discovery in this case, lewd and derogatory postings about Dr. Slawecki, her attorney, James Turner, and witnesses have appeared on the Internet.

In particular:

1. Because confidential information revealed in discovery, specifically Dr. Slawecki's salary, was published, Dr. Slawecki is concerned that further confidential information revealed in the expert report will be made public if Plaintiffs have access to it.
2. Because there is an electronic trail linking the pornographic and defamatory postings to the Trivedi organizations, Dr. Slawecki is concerned that any personal or medical revelations made through the expert report will serve as a basis for further public harassment.
3. Because parts of the expert report may be referenced in subsequent motions and/or filed as a public document, Dr. Slawecki needs a protective order to prevent her medical and personal information from being made available to the public.

As examples of the derogatory and defamatory postings, see Attachment 1 for the entire chain of postings titled, "Tania Slawecki culprit Scientist," (dated from May 2014 through January 2015) in reverse chronological order. For another example, see Attachment 2 for the entire chain of postings on the website titled, "Skeptic Stupid," (dated from May 2014 through January 2015) in reverse chronological order.¹

Several of the postings titled, "Tania Slawecki culprit Scientist," make specific reference to Dr. Slawecki's salary at Penn State, which information she has not disclosed to anyone other than to the Plaintiffs in her deposition.

The preliminary report/statement prepared by Dr. Slawecki's expert contains Dr. Slawecki's confidential and sensitive medical and personal information, which, if produced, is likely to lead to more extensive harassment of Dr. Slawecki.

We respectfully request a conference call at the Court's earliest convenience. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Michelle L. Zhang", with a long horizontal flourish extending to the right.

Michelle L. Zhang

Beware Tania Slawecki May Have Sexual Dysfunction!

I am here, sharing an interesting thing, as I enjoyed my last sunday with prostitute Tania Slawecki. She served me great sex whole night. I just paid some dollars and she was overjoyed. She liked my dick and I liked her boobs. She is outstanding with great figure. I was uncontrolled to see her naked.
